For more than 40 years, the physicians at Westchester Eye Associates have been recognized leaders in providing world-class medical and surgical eye care for patients in New York and surrounding areas. Today, Westchester Eye Associates is considered the largest eye-care specialty practice in the county and one of the largest in New York. Known for their extensive experience, these award-winning doctors have a proven record in treating their patients with unsurpassed care and passion.

Providing patients with the best care in sight is the shared goal of the practice's comprehensive team of talented practitioners. They include Dr. Bruce Gordon (founder), Dr. Allen Greenbaum, Dr. Seth Potash, Dr. Neil Katz, Dr. James Gordon, and Dr. Smitha Voleti, who are all board certified and members of the American Academy of Ophthalmology. Completing the team is Dr. AnnMary Abadir, a highly trained optometrist, and their ophthalmic technicians.

The practice's dedicated and highly experienced ophthalmological surgeons use state-of-the-art diagnostic equipment and the most advanced surgical techniques for cataract,

glaucoma, refractive errors (LASIK, PRK), strabismus, cosmetic eyelid, as well as non-surgical facial procedures (BOTOX®, Fillers, Laser Skin Resurfacing, MicroNeedling, and Platelet-Rich Plasma).

With convenience as a hallmark of its service, the practice also makes ordering eyewear easy for patients. An on-site optical shop, staffed with experienced, licensed opticians and equipped with its own lab, carries a comprehensive selection of designer eyeglasses and sunglasses, as well as contact lenses, specialty lenses for computer use, and safety eyewear for sports.

The relocation to a new facility in Harrison has provided the growing practice with added space, comfort, ample parking, and most importantly, advanced leading-edge technology. Patients also benefit from a new state-of-the-art surgery center conveniently located next to the Harrison office. Evening and Saturday appointments are always available and the optical shop is open Monday through Saturday. Operating from two locations in Harrison and Yonkers enables the practice to fully serve the needs of the Westchester community.
